SAFETY PRECAUTIONS

- Do not place clothing or other flammable items on or near the gas log set. Items placed near the log set can become very hot due to the radiant heat of the log set.
- Do not touch the log set and educate all children of the danger of the gas log set. Young children should be supervised when they are in the same room as the log set.
- Due to the high temperature, the gas log set should be located away from furniture and draperies.
